

We recognise the importance of providing our pupils with the very best opportunities to gain recognised vocational awards. We run the Duke of Edinburgh's Bronze Award for a group of pupils every year.

The Duke of Edinburgh's Award has a positive impact on young people's lives, both in terms of their personal development and towards increasing their skills to support volunteering and employability. The Duke of Edinburgh Award support this by focusing on 4 main areas; volunteering, skills (leadership, teamwork etc.), physical (fitness) and an overnight expedition.

We believe the skills gained from these 4 areas will enable our pupils to grow into stronger, more confident and independent young adults, thus supporting pupils to 'Be All They Can Be'.
