

## Tell us...

Can you help us to understand what it's like for families with a child, teenager or young adult who have a special educational need and disability (SEND) to live in Bromley?

## The Bromley Local Offer SEND Survey

A survey for parents and carers of children and young people who have Special Educational Needs and Disabilities to help us understand the state of the current offer across the borough

April 2021

We're committed to making sure that our children, teenagers and young people can achieve their full potential and enjoy and thrive in their local community.

This annual survey is one of many steps Bromley Council and our partners are taking to better understand the lived experiences of the parents and carers of children, teenagers and young adults (aged from birth to 25) who have special educational needs and disabilities (SEND) in the borough.

We'd like to hear your views, experiences, and thoughts about SEND services and support in Bromley. The questions cover:

- SEND needs and support
- Education and learning
- Identifying and meeting needs
- Achieving potential

You can access the survey by clicking the link below. And please also encourage any fellow parent carers and friends to also complete this survey.

The Survey will be open until the Friday 4<sup>th</sup> June 2021.
