

The sounds of the sea...

The crab in the sea goes...

Click, click, click

The fish in the sea goes...

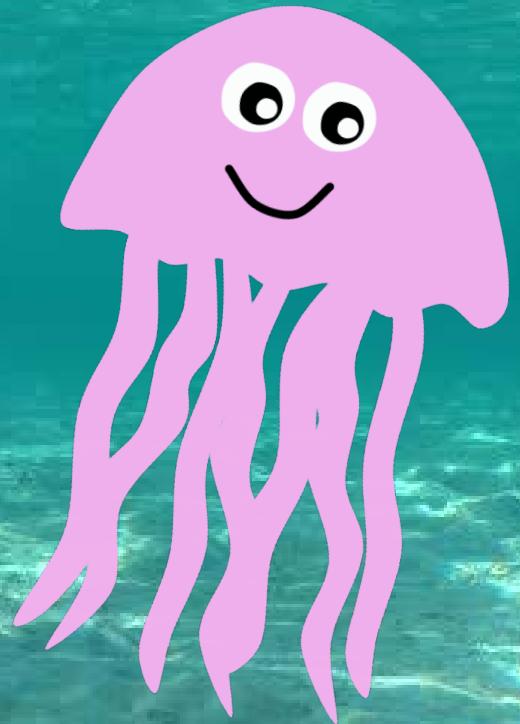

Bubble, bubble, bubble

The seaweed in the sea goes...

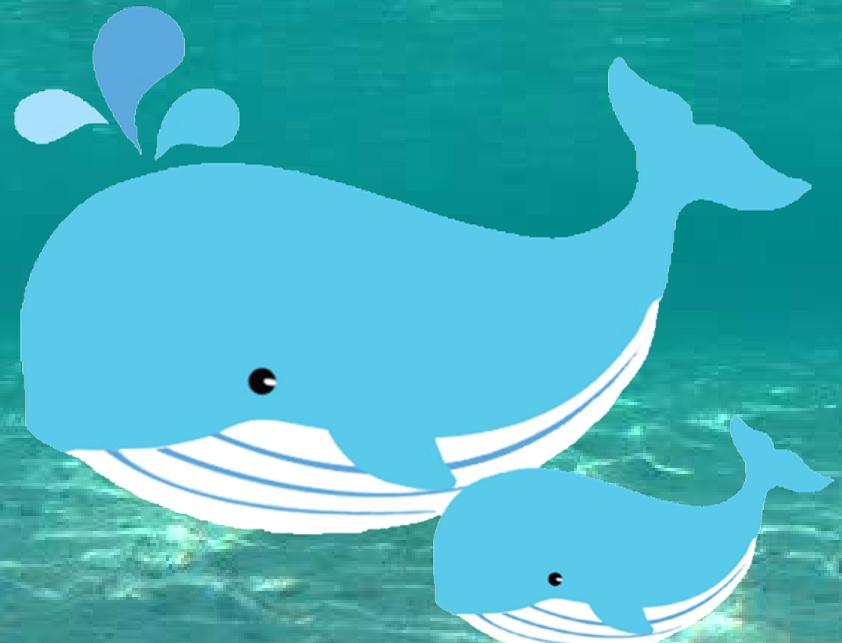

Swish, swish, swish

The jellyfish in the sea goes...

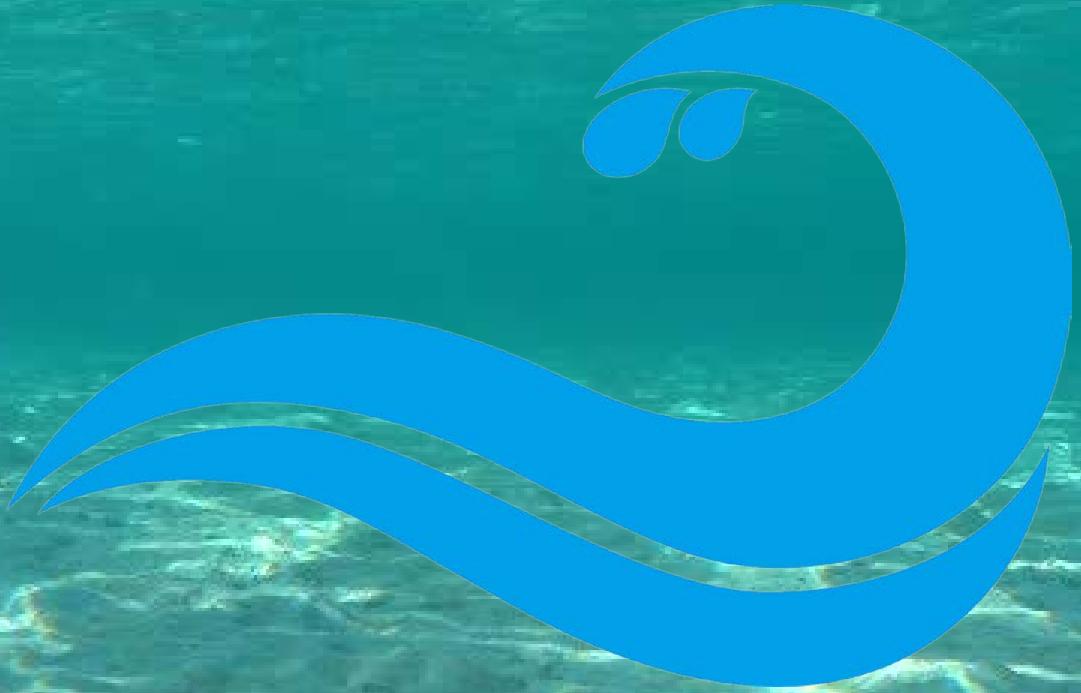

Wobble, wobble, wobble

The whale in the sea goes...

Whoosh, whoosh, whoosh

The waves in the sea go...

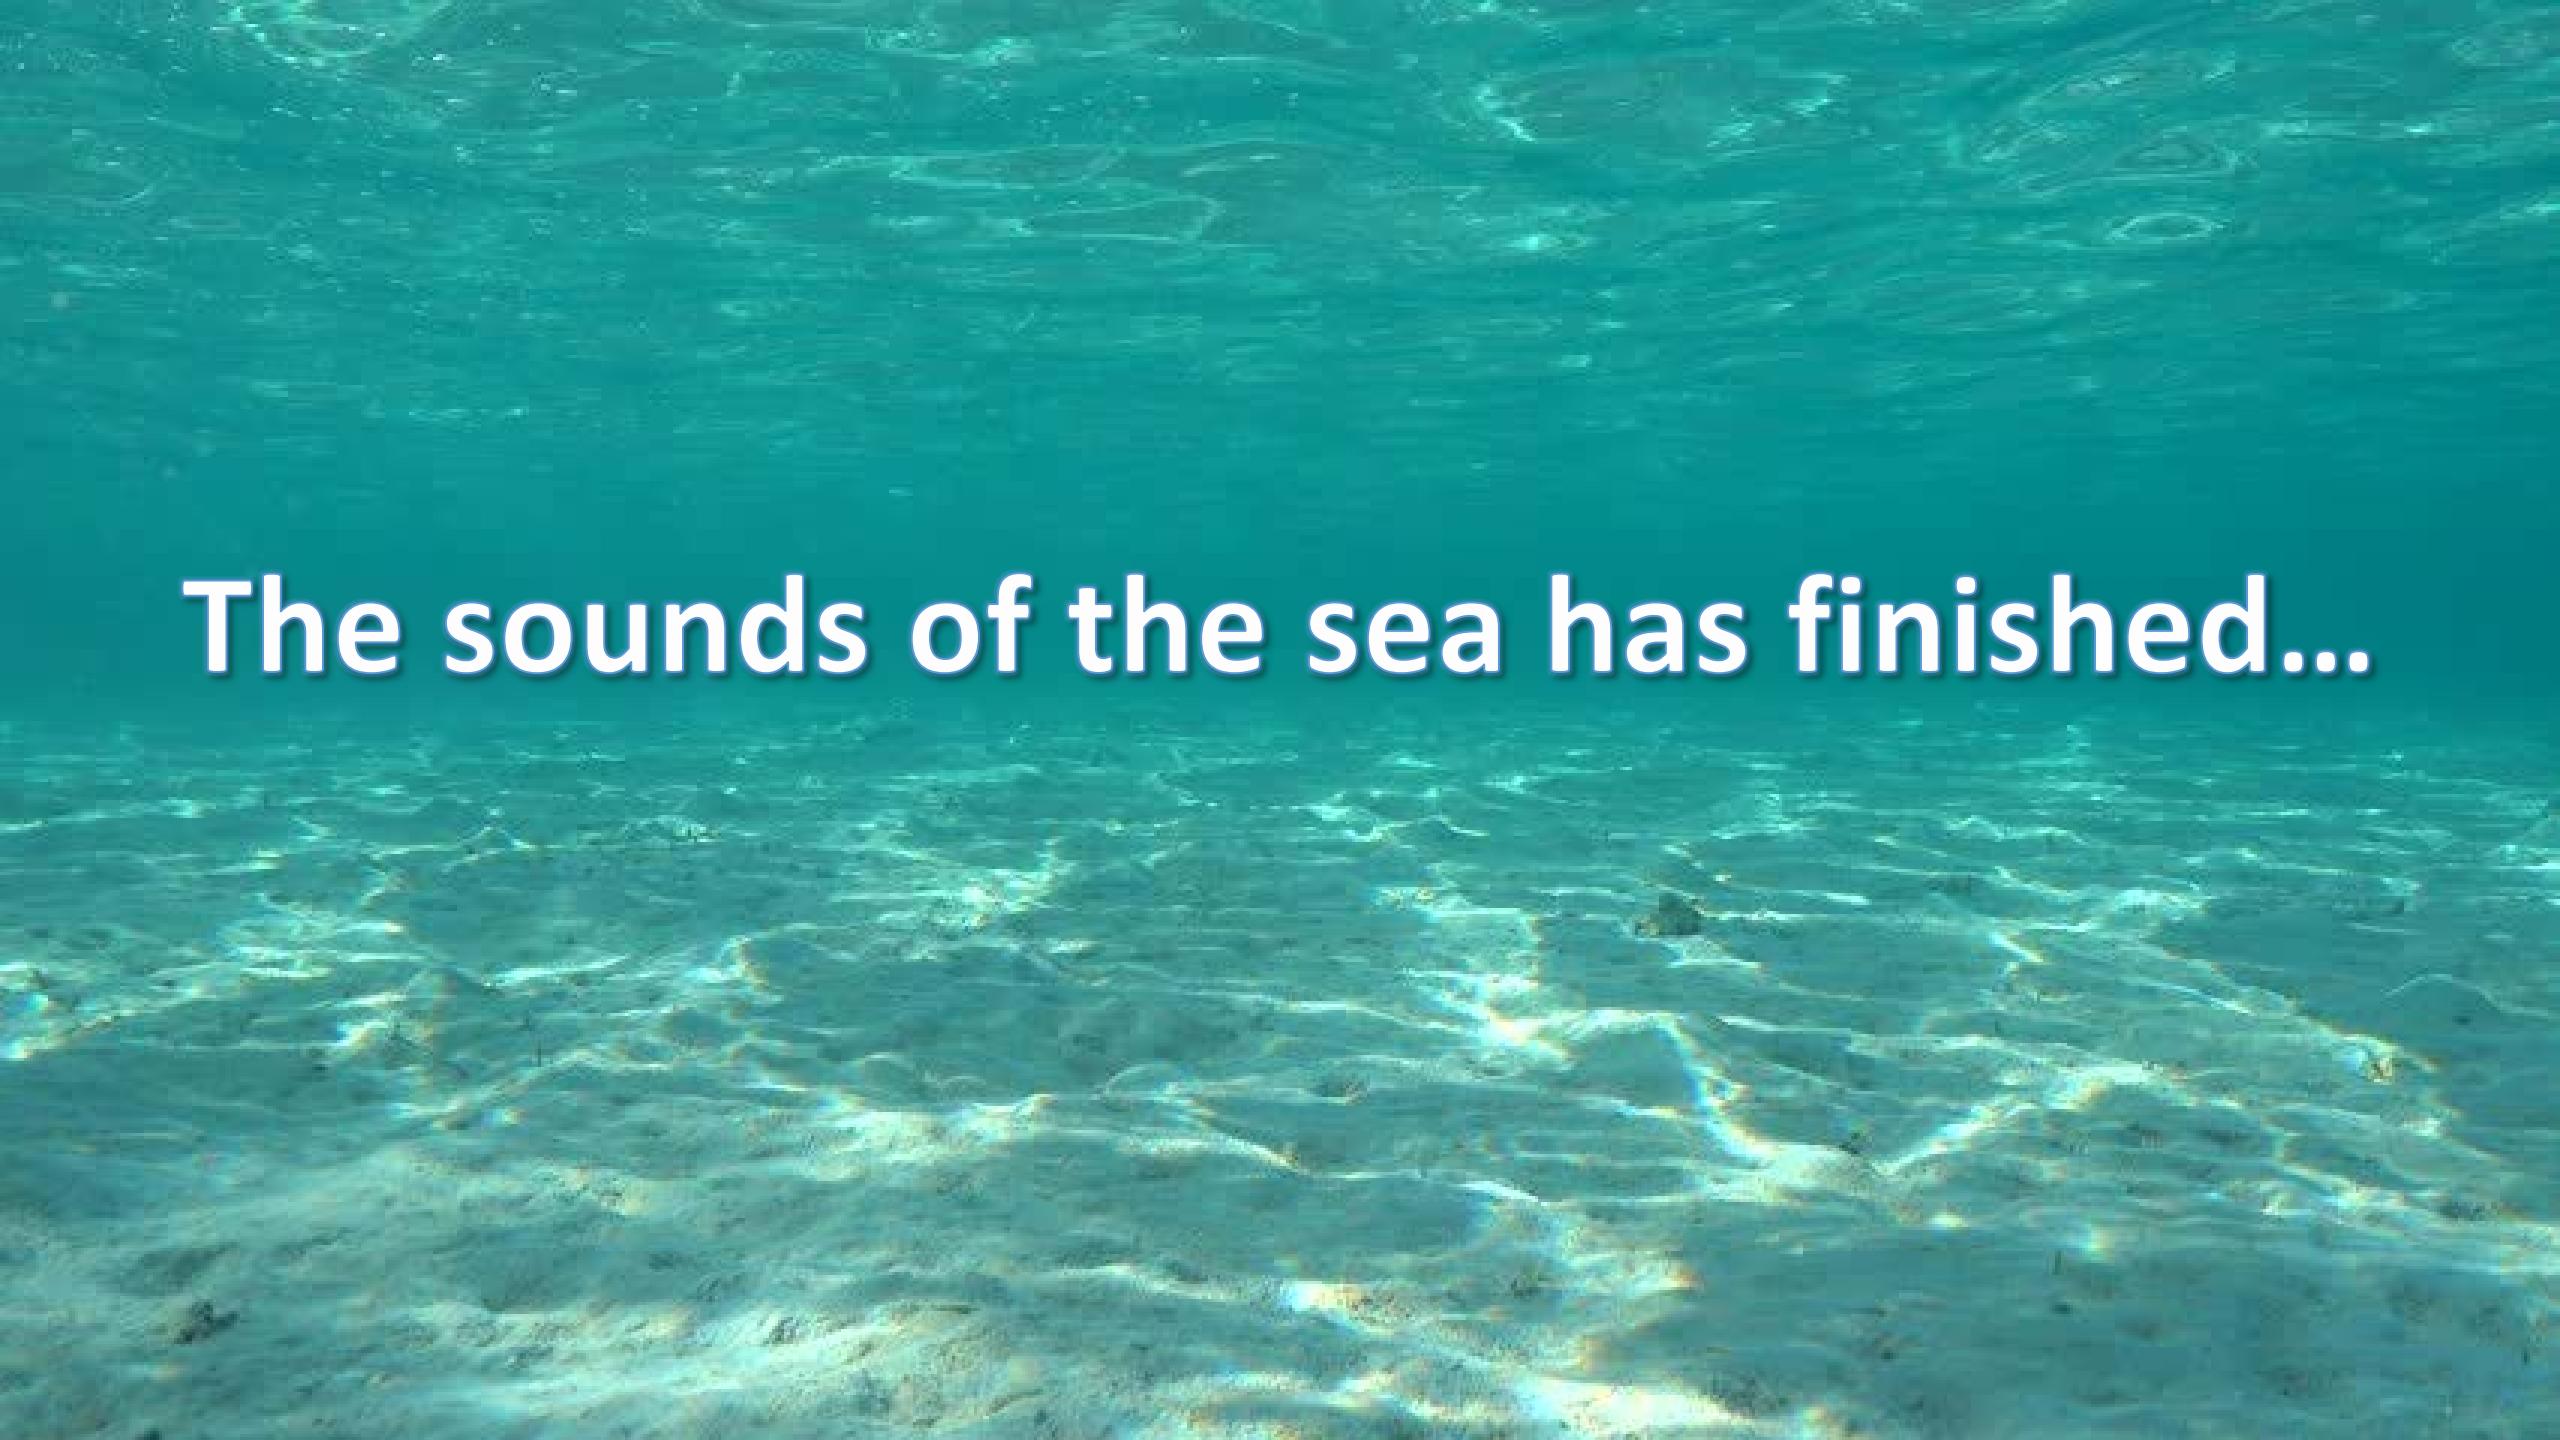

Splash, splash, splash

The treasure in the sea goes...

Sparkle, sparkle, sparkle

A close-up photograph of clear, rippling turquoise water. Sunlight reflects off the surface, creating bright highlights and patterns of light and shadow across the ripples.

The sounds of the sea has finished...
