

10th March 2020

Dear Families,

Coronavirus – COVID - 19 Advice

Please find attached advice on coronavirus in schools. We are continuing to follow DFE advice to limit the spread of the virus as outlined in the poster.

We are making arrangements for possible higher levels of staff absence should advice change. These arrangements will ensure that all pupils are safely cared for but may include a reduction in the number of activities that can be supported.

If you have any immediate concerns about any symptoms please call 111 for further advice.

The Department for Education coronavirus helpline is now available to answer questions about COVID-19 relating to education and children's social care. Staff, parents and young people can contact this helpline as follows:

Phone: 0800 046 8687

Email: DfE.coronavirushelpline@education.gov.uk

Opening hours: 8am to 6pm (Monday to Friday)

You can also find further advice at <https://www.nhs.uk/conditions/coronavirus-covid-19>

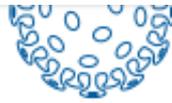

Please be re-assured that we are reviewing advice daily and should there be any changes to recommended actions we will issue an update.

Yours sincerely,

Steve Solomons
Headteacher

Public Health
England

Advice on the coronavirus for places of education

How serious is the coronavirus?

- it can cause flu-like symptoms, including fever, cough & difficulty breathing
- the infection is not serious for most people, including children
- there is currently no vaccine
- most people get better with enough rest, water to drink and medicine for pain

How likely are you to catch the virus?

- you can only catch it if you have been close to a person who has the virus
- the chance of being in contact with the virus is currently low in the UK
- if you have travelled to areas where many people are infected, your chance of catching the virus is higher, i.e. China and any affected areas

How can you stop coronaviruses spreading?

If you need to cough or sneeze

Catch it
with a tissue

Bin it

Kill it
by washing
your hands with
soap & water or
hand sanitiser

After breaks
& sport
activities

Before
cooking
& eating

SCHOOL
ETC.
On arrival at
any childcare
or educational
setting

After using
the toilet

Before
leaving
home

Try not to touch your
eyes, nose, and mouth
with unwashed hands

Do not share items that come
into contact with your mouth
such as cups & bottles

If unwell do not share items
such as bedding, dishes,
pencils & towels

Stop germs spreading with our e-Bug resources on hand and respiratory hygiene lesson plans for KS1, 2 and 3: campaignresources.phe.gov.uk/schools

What should you do if you feel unwell?

Keep away from others and stay at home to stop the infection spreading. Avoid public transport if you think you have symptoms of coronavirus. If you become unwell at a place of education, tell a member of staff and let them know if you have travelled to any other countries in the last 14 days.

If your staff member or parent thinks you have symptoms of coronavirus, they should call **NHS 111** for advice. Follow the UK Government advice for childcare or educational settings [gov.uk/government/publications/guidance-to-educational-settings-about-covid-19](https://www.gov.uk/government/publications/guidance-to-educational-settings-about-covid-19). Parents can visit [NHS.UK](https://www.nhs.uk) to find out more information. Teachers and support staff should follow the UK Government advice.

Staff, students and pupils who have returned from Iran, specific lockdown areas in northern Italy, special care zones in South Korea or Hubei province China (returned in the past 14 days) should self isolate, and NOT attend education or work for 14 days.

See [NHS.UK](https://www.nhs.uk) for advice on coronavirus.

If there is an emergency, call 999 immediately
